A MESSAGE FROM MAYOR ANNETTE IAFALLO – PLEASE BE A GOOD NEIGHBOR THIS WINTER SEASON

With the first heavy snow of the winter season now behind us, and in anticipation of more to come as the season progresses, I ask that everyone take a minute each day to look out for those in your neighborhood – especially our elderly and/or homebound residents who may not be able to manage winter tasks s/a clearing walkways, driveways, sidewalks, hydrants, etc. Or, who may need a hand getting food and other necessary household needs from the store.

If you live near someone who could use a hand this winter, please take a minute to check-in on them. Your kindness may be just the thing they need to get through the day.

And if you sense someone is in need of first aid, fire or police assistance, please don't hesitate to dial 911 immediately.

Thank you. And as always, stay safe and God bless.

Annette
