

Roofing Affidavit

I, _____ with _____
(Name) (Company)

requesting a permit for a roof for:

(Location)

I have been advised that the New York State Building Code, which has been adopted by the City of Lackawanna New York, at section 1511.3.1.1 provides that:

A roof recover shall not be permitted where any of the following conditions occur:

1. Where the existing roof or roof covering is water soaked or has deteriorated to the point that the existing roof or roof covering is not adequate as a base for additional roofing; or
2. Where the existing roof covering is slate, clay, cement or asbestos-cement tile; or
3. Where the existing roof has two or more applications of any type of roof covering.

In order to obtain a roofing permit from the City of Lackawanna I hereby represent to the City of Lackawanna that the roof at the location set forth above is covered with only (1) layer of shingles.

If I am found to be non-compliant with New York State Building Code 1511.3.1.1, both the Contractor, and property owned could be subject to a fine up to \$500 per layer of shingles, and also be required to remove any new and old roofing, and then properly install a new roof over the decking.

(Signature)

(Date)

Sworn to before me this _____ day of _____.

(Notary Public/Commissioner of Deeds)
